

2009 CORPORATE SPONSORSHIP PACKAGE

The Building Envelope Solutions sponsorship package offers enhanced brand building for your company's sales and marketing to construction industry professionals. Specifically, it provides a unique opportunity to raise your corporate profile with thousands of architects, builders, building owners, building officials, consultants, contractors, developers, engineers, technologists, technicians, manufacturers, property managers, researchers, specifiers and suppliers.

In 2009, Building Envelope Solutions conferences will be held in Toronto, Vancouver, Calgary, and Edmonton.

Each conference will focus on cutting-edge information regarding design, construction, maintenance and repair of all types of building envelopes. The open, inclusive environment encourages attendees to ask questions and stimulates dialogue. Speakers offer relevant solutions by referencing real-world examples and specific case histories. Building Envelope Solutions conferences are organized by MMPI Canada / York Communications, the producer of Construct Canada and the publisher of the Construction Law News Bulletin and the Building Envelope Forum.

WHO WILL ATTEND

Architects, builders, building owners, building officials, consultants, contractors, developers, engineers, technologists, technicians, manufacturers, property managers, researchers, specifiers, and suppliers.
